Mrs. Ed. Palmer Dies After Long Illness

Capacity of Church Taxed to
Utmost at Funeral Service.

Mrs. Camillecross Palmer, after a
lingering illness, borne with great
courage, entered into rest at her home
on Wednesday afternoon.

The funeral, which was largely
attended took place on Thursday after-
noon the first service being held in
the church. Rev. J. Lee, who was in
charge of both services, was assisted
by Rev. J. Y. McGookin.

At the service in the church Mr. Lee
spoke on "Faith," and the choir led in
the singing of the hymns, "Nearer my
God to Thee," "Rock of Ages," and
"Sun of my Soul," with Miss Lillian
Watkins at the piano. The pall
bearers were members of the ball
team—D. W. Harper, J. Walker, L.
Walker, E. Siler, Vic Ferguson, and
Jack Taylor.

The flowers made a very beautiful
display. Wreaths and sprays were
sent by the following—The Cleve-
ville Pioneer Club, Champion Baseball
Club, Stately Baseball Club, Cham-
pion Ladies Aid, Champion Women's
Institute, Mr. and Mrs. C. Schroeder
and Rev. H. J. Mosser, Mr. and Mrs.
Geo. Taylor and family, Mr. and Mrs.
H. Lundgren, Mr. and Mrs. P. Lund-
gren.

CHURCH BULLETIN

Rev. J. Lee announces the following
services for Sunday next, July 12:

11 a.m.—Sunday School.

9 p.m.—Service at Fireground School.

7:30 p.m.—Service at Champion.

Mr. Lee will conduct all services,
which will be brief and bright. You
are given a cordial welcome to attend.

Lutheran Church Service

Next Sunday afternoon at
3 o'clock Evangelical Lutheran
church services will be held in the
local Union church building. You
are cordially invited to
take part—R. J. Mosser,
Evangelical Lutheran Pastor.

Hot Weather Toggery

Alston Picnic-Sports Friday, July 17th

Alston has a monster picnic and sports
planned for July 17th. The program
includes horse racing, bucking con-
tests, athletic sports, and two baseball
games. There will be a dance in the
evening. The picnic starts at 1.00
o'clock and the first baseball game is
called for 1.30.

Edmonton Exhibition And Stampede

A great many from this neighbor-
hood are planning to attend the
Edmonton Exhibition and Stampede,
which is to be opened by Lord Byng,
Governor General of Canada, on Mon-
day, July 19th.
"Stawberry Red" Wall, Manager
of the Stampede section, has every-
thing lined up for the best stampede
ever held in Western Canada, with
many new features, and the best
horses and cowboys in the country. A
mammoth street parade will take
place at noon on Monday, after which
all departments will be thrown open
to the public, with splendid exhibits
in every department. Lectures and
demonstrations daily on various
phases of agricultural activity, includ-
ing bee keeping, and various Govern-
ment exhibits, including a health and
baby clinic, provide educational oppor-
tunities which should not be over-
looked.

The Rubin & Cherry Shows, never
seen in Western Canada, will supply
the midway, and horse and auto races,
fireworks, and in fact a well rounded
program of education and entertain-
ment has been provided for visit-
ors. A free camping ground for
carriers from country points
promising to be well patronized this
year.

Double Wedding At Los Angeles

A double wedding of more than
passing interest was celebrated at
Monterey Park on Tuesday morning,
June 22d. The brides were, Miss
Helen B. Hook, of Monterey Park
and Miss Gertrude Spencer. The lucky
men were, Ross M. Maynard and
Stephen Carpenter, of Los Angeles.
Miss Spencer and Mr. Carpenter were
married at the Roman Catholic rectory
by the Rev. Father Connolly, with
Miss Hook and Mr. Maynard
supporting the bride and groom. Miss
Hook and Mr. Maynard were married
by the Rev. Mr. Saccross at the
Monterey Park Community church,
with the recently united Mr. and Mrs.
Carpenter acting as bridesmaid and
groomsmen. The brides carried
shower bouquets of American Beauty
roses.

Mr. and Mrs. Maynard will spend a
honeymoon at the beaches after
which they will make their home at
229 V. Hoffman Ave. Mr. and Mrs.
Carpenter will enjoy a short wedding
trip to San Francisco and northern
beauty spots, and will return to reside
at 412 North Huntington Ave. This
means two more happy families for
Monterey Park. Congratulations from
our paper to the happy young folks—
Monterey Park Courier.

Stately Wins League Game on Wednesday

Stately had the long end of a 4-3
score at the local diamond on Wed-
nesday evening in a well played game,
Haynes and Allan and Siler and Nel-
son being the batteries. The local
team played in craps, owing to the
death of Mrs. Ed. Palmer, shortly be-
fore the game was called.

Champion Loses To Lethbridge

Champion lost to Lethbridge on
Monday at Lethbridge by a score of
5-7. The game was a good one and
the result was due to errors on the
part of the locals. Klen and Nelson
were in the points for Champion.

Friday @ Saturday
JULY 10-11

"THE DEVIL'S CARGO"

With Pauline Stark, Wallace Beery, Claire Adams, William Collier Jr.

Friday @ Saturday
JULY 10-11

When saint and sinner met and loved amid The Devil's Cargo. Down the roaring river with a load of golden entertainment. Folks, this is frankly melodrama—but how you'll love it! ship with The Devil's Cargo for a voyage of exciting entertainment. What would happen if all the bad women and men were driven out of the town? See The Devil's Cargo. A person with no reputation may frequently have a heart of gold. See The Devil's Cargo. He can't when The Devil's Cargo sails the river of no return. When dance hall and gambler, gambler and gambler, rounded up by the vigilantes and shipped out of town on a river boat. A seething tale of love and lawlessness in early California.

Coming Next Week "PONJOLA."

INTER-ALLIED DEBT QUESTION IS TO THE FORE

Paris.—The French Government is preparing to make a statement upon the United States debt question within a few days. It will probably be limited to scarcely more than a brief statement to go to Washington.

The inter-allied debt question has just been thrust still further to the fore by the receipt from London of a new memorandum, suggesting that France make an offer for settlement of her debt to Great Britain even if only a provisional one.

The memorandum, signed by Rt. Hon. Austen Chamberlain, the foreign secretary, takes cognizance of France's plan to construct a canal in the United States debt by stating that Great Britain has no desire to interfere with negotiations which France might initiate with other creditor powers.

Mr. Chamberlain relies the occasion, however, to state the principle that Great Britain feels that she is entitled to treatment on an equal footing—that is, she desires to see an agreement for payment of part of her debt to the United States, the British would expect a proportionate reimbursement of the same due them.

The British memorandum is being studied by Foreign Minister Briand and Finance Minister Loucheur, who not long ago were given authority by the cabinet to initiate negotiations for settlement of the inter-allied debts.

To Reconstruct

Santa Barbara

City To Be Re-Built Along Lines of Spanish Architecture

Santa Barbara, Calif.—Santa Barbara business men will reconstruct the earthquake-stricken city along lines of Spanish architecture, according to a decision reached while the city was recovering from the effects of the blow of the earthquake. In restoring the city in Spanish architecture, the business men will follow the recommendations of the Santa Barbara Art Society.

Cloudburst in California

Bakersfield, Calif.—A cloudburst in Tejon Pass, 44 miles south of here, on the Ridge Route, delayed all traffic twenty three hours.

Tons of debris were washed over the mountain highway and a crew of 15 men with trucks and heavy machinery was necessary to open up a one-way passage. No lives were lost.

Will Investigate Fires

Montreal.—Every fire occurring in Canada will be subject to investigation, following the formation of a United Canadian Fire Underwriters' Association, at a meeting at Murray Bay, to extend the activities of its inquiry department to cover the entire Dominion.

TRY TO EFFECT A UNION OF ALL WAR VETERANS

Ottawa.—Four veterans' associations in Canada already have pledged themselves to the establishment of a united organization as a result of a series of conferences held since the arrival of Field Marshal Earl Haig in Ottawa. Representatives of several other national and local bodies have pledged themselves to carry the proposal for a complete union to their membership and to obtain an expression as soon as possible.

In a statement, Lord-General Sir Richard Turner, V.C., Dominion president of the C.W.V.A., who has acted as chairman of the conferences, presented a survey of the results to date.

The statement is in the following terms: "Organizations that have been pledged to union of all veterans in Canada include the Great War Veterans' Association, the Canadian Legion, the 'Tuberculosis Veterans' Association, and the Naval Veterans of Toronto. These groups, who constitute function as at present until the unity convention can be assembled.

"The calling of this convention probably will be delayed a few months as other associations, such as the Army and Navy Veterans in Canada, the Imperial Veterans, the Canadian Legion, the Civil Service Guild, the 'Grand Army of United Veterans,' etc., will be holding conventions during the next two or three months.

W. N. E. 1584

Says Japan Has No Desire To Go To War

Chicago.—Trouble between Japan and Russia is inevitable, unless the Soviet Government ceased its tactics of spreading "Red" propaganda, said Count Michimasa Hojishima, member of the Japanese House of Peers, who was interviewed here. "Japan has no ambitions, calling for aggressiveness against any nation. Although she is still hurt over the action of the United States in excluding her nationals, Japan has no desire to go to war."

Canada's London Home

Office at Hub of British World Says Manchester Guardian

London.—The London papers, as was to be expected, have extended cordial editorial comments on the formal opening of the new Canadian Building here by the King, and papers published outside of London have been equally cordial in their remarks about the event.

The London Daily Telegraph says: "The Dominion of Canada at last has secured a home in London worthy of its past, present and future. The remodeling of the building for its use, has improved the amenities of Trafalgar Square, for which the people of London, and indeed, the whole Empire, owe a debt of gratitude to the Canadian people."

The Manchester Guardian, noting the remodeling of the Dominion of Canada's office at the Dominion of Canada, says: "The new building, which is the most beautiful of its kind in the city, is a fitting home for the Dominion of Canada, which is the most beautiful of its kind in the city."

Feels Railway Should

Carry Out Agreement

Ontario Will Get Alberta Coal Says Sir Henry Thornton

Ottawa.—Experimental shipments of 25,000 tons of Alberta coal to Ontario will be made in accordance with the original understanding, Sir Henry Thornton, president of the Canadian National Railways, stated in an interview at Ottawa.

Sir Henry explained that since the statement made some weeks ago to the effect that in view of the pending reorganization of freight rates, the Ontario Railway would not be able to carry out the experiment, there had been a change of mind on the part of the Ontario Government. In this conference it was shown that many persons in Ontario had been good faith committed themselves to the handling of the Alberta coal. Sir Henry stated that when he learned matters had gone so far, he had no choice but to agree to the experiment.

Bolshevism in China

The New Canton Government Has Red Tendencies

Canton.—The new government for southern China was formed here by the forces which recently captured Canton. The new civil government, Wu Han-min, is known for his Bolshevik tendencies.

All foreign consuls here, except the British and French, were invited to a reception held by the new government. There is a general feeling here that further trouble is in the offing.

New Brunswick Elections

Fredricton, N.B.—A definite announcement that the provincial general election in New Brunswick would be held at the present meeting of the government was made by Premier Veniot. No statement has been made as to when the election will take place, but the present legislature will have in October.

Volcano Rocks Colombia

Bogota, Colombia.—Violent eruption of the volcano of Galeras, near pasto, began with great flames issuing from the crater and large quantities of rocks and ashes covering the surrounding country. Communication with the towns of La Florida and San Juan is cut off, and it is expected they have been destroyed.

30,000 Homeless in Poland Floods

Warsaw.—Heavy rains in Galicia and Touchen state that damage wrought by the floods there has surpassed even that of the 1902 inundations. Three hundred thousand people are reported without shelter and \$200,000 relief is needed.

GRAVE FEARS OF COAL SHORTAGE ENTERTAINED

Ottawa.—Grave possibilities of an industrial struggle in the anthracite regions of the United States upon the termination of the present wage agreement on September 1, are indicated by the latest reports received from these fields, stated Dr. Charles Connell, chairman of the Dominion coal board. "Throughout the year, he declared, there has been a steady increase in the coal output, but it is not sufficient to meet the demand, and it is feared that a coal shortage will develop in the winter months."

Dr. Connell pointed out that it was developed in the American anthracite coal fields during the coming fall, Mr. Watson probably be engaged again with the necessity of begging for small amounts of fuel at any price.

C.W.N.A. Convention

Most Successful Gathering of Weekly Newspaper Men at Winnipeg

The Canadian Weekly Newspaper Association assembled at the Royal Alexandra Hotel in Winnipeg for their sixth annual convention on June 21, 25 and 26. Some 100 delegates were in attendance from all over Canada. On the opening day the members were welcomed to the city of Winnipeg by Mayor Webb. The business sessions opened the better part of three days, and the addresses and discussions were found to be most helpful.

On the second day, at the conclusion of the business session, a visit was made to the Parliament Buildings and to the Manitoba Archives. It was seen that it is as impressive as Nelson's monument."

Mannix Not Molested

Was Allowed to Parade Through Streets of Dublin

Dublin.—Archbishop Mannix, and a group of Australian pilgrims, who arrived here recently were given a great ovation as they passed in procession, accompanied by many bands, through the crowded streets.

The Free State Government has shown no disposition to interfere with the visit of the archbishop, who was welcomed enthusiastically to land here in 1925, by the British authorities, because of his strong sympathy with the Republicans.

France Signs Protocol

Geneva.—A League of Nations official communique announces that Paul Boncompagni, French chief delegate to the recent arms conference at Geneva, has signed for France the conference's protocol against the use of poison gas and bacteria in warfare.

Movie Adonis Gets Black Eye

London.—A movie star, who was in the city of London, was hit in the face by a brick thrown by a crowd of people, and he was taken to the hospital.

United Public Opinion

Canadians Can Alter the Whole National Situation Says Byng Victoria, B.C.—If Canadians would meet on common ground to consider the differences over which they could alter the whole national situation declared Lord Byng, Governor-General of Canada, who is making a tour of the western provinces, during the course of an address before the Canadian Club here.

"If there was a united public opinion," stated Lord Byng, "something would happen. If the east and west could get together in a nice way, if the French and English people could talk differences over in friendly fashion, they could produce a harmony that might be fraught with great possibilities. A united public opinion might take us a long, long way to the freedom from our 'divisions' from a sectional point of view."

Canada's Sea Harvest Increases

Ottawa.—Canada's sea harvest increases in value. In May, 1925, \$7,264,000 worth of sea fish were landed on both coasts and the value of the catch, \$2,823,165, is nearly a million dollars higher than in May, 1924. On the Pacific coast, 1,843,300 pounds of salmon were taken, compared with 327,400 pounds in May, 1924.

Would Consult Other Nations

London.—The British Government is consulting other interested powers, and intends to act in close collaboration with them, regarding a reply to China's proposals for revision of her foreign treaties, Right Hon. Austen Chamberlain, British foreign secretary, told the House of Commons.

Americans Bring Wealth

During the year ended April 28, 1925, the value of settlers' effects on the Canadian mainland, valued at \$2,527,000, an increase of about \$400,000, as compared with the corresponding period of the previous year.

The Oldest Newspaper

Claims Halifax Chronicle Is Canada's First Newspaper

Halifax, N.S.—Claiming for Halifax the distinction of having Canada's first newspaper, the Halifax Chronicle, in its 152nd tourist edition states: "On 122 Grafton Street stands the building in which was printed Canada's pioneer newspaper, 'The Halifax Gazette'—today 'The Nova Scotia Herald'—the oldest paper being published in North America. The paper has been published continuously for 152 years and is now the official publication of the Nova Scotia Government."

Wheat Pool Crop Year

For 1924 Ends July 15

Regina.—The Saskatchewan Wheat Pool will close its 1924 crop year July 15, the date set for making the cut-off, it is announced by A. J. McNeill, president. The Alberta and Manitoba pools have set the same date for making their cut-off. "Any grain received at the terminals after July 15 will be treated as though it were part of the 1925 crop," added Mr. McNeill, and an initial payment of one dollar will be made upon the initial payment for the 1925 crop has been definitely decided later in the season."

Another Imperial Parley Suggested

But British Premier Doubtful As To Its Usefulness Just Now

London.—A. C. H. Dwyer, member of the House of Commons, has suggested, in view of the danger to the Empire arising from the state of affairs in Britain, that representatives of the British Empire should meet to formulate Empire schemes to develop the resources of the dominions and foster work for the unemployed. The government was engaged in furthering, in the best of their ability, imperial cooperation and development of the empire's resources, on lines agreed upon at the Imperial conference of 1923.

He doubted whether, at this stage, the summoning of another Imperial conference could materially advance the objects which all were equally concerned to promote.

United Public Opinion

Canadians Can Alter the Whole National Situation Says Byng Victoria, B.C.—If Canadians would meet on common ground to consider the differences over which they could alter the whole national situation declared Lord Byng, Governor-General of Canada, who is making a tour of the western provinces, during the course of an address before the Canadian Club here.

Emigration The Only Cure For Britain's Ills

London.—Dr. Williamson Ingham, Bishop of London, who declared from his pulpit that emigration was the only cure for Britain's ills at home, he said, the premier's remarks about the numbers emigrating having decreased from 200,000 to 120,000 a year, and that as it seemed perfectly calamitous. "Undoubtedly, unemployment in Britain was largely due to the slowing down of the Canadian from the United States," he said, "and the solution of Britain's difficulties was to send to countries like Canada, Britain's very best, the men to build up that great country."

THE GREAT TASKS NOW BEFORE THE UNITED CHURCH

Toronto.—There were two great tasks before the United Church of Canada, one missionary and the other spiritual, stated Dr. George C. Pidgeon, moderator of the general council of the United Church of Canada.

Dr. Pidgeon says in his message: "The United Church of Canada is one, and, as such, we are forward to the great undertaking in the spirit and power of our ascended Lord."

"Two great tasks have the United Church in the world are under our care, and almost their entire working force is entering the United Church. These are: the spiritual and the missionary. We need full support, and ample funds provided for a new missionary advance."

"The second task that confronts us is missionary. We are the United Church of Canada, and we are, therefore, see that the entire religious need of the nation is met. Moreover, some of the greatest foreign missions in the world are under our care, and almost their entire working force is entering the United Church. These are: the spiritual and the missionary. We need full support, and ample funds provided for a new missionary advance."

"Chief White Elk"

Is Sentenced To Jail

Nan Poed As Canadian Indian in London. Lugano, Switzerland.—Edgar Lugano, who has been in London for some time, is being held in England, by posing as an Indian chief, "Chief White Elk," having obtained a passport from Halifax in England in 1925, was sentenced to a year in prison, and was also ordered by the court to repay an Italian counts £250.

Heart Disease More Deadly Than Cancer

Terrific Pace Imposed By Rapid Way Of Modern Living

Pasadena, Ore.—Great strides in medical efforts to lengthen the average span of human life cannot be made until heart disease, now more deadly than cancer, tuberculosis and plague, is controlled. Physicians here, attending the opening of the 1925 session of the Pacific Northwest Medical Association, declared.

French Losses in Morocco

Paris.—The French senate has unanimously voted confidence in the Paine-Moroccan policy.

Replying to questions in the senate before the vote of confidence, Premier Paineau said the French losses have been only 400 men killed during the entire present Moroccan campaign. He declared the French Government is anxious to have peace but that "Arab-Dr. Kevins is difficult to handle."

Emigration The Only Cure For Britain's Ills

London.—Dr. Williamson Ingham, Bishop of London, who declared from his pulpit that emigration was the only cure for Britain's ills at home, he said, the premier's remarks about the numbers emigrating having decreased from 200,000 to 120,000 a year, and that as it seemed perfectly calamitous. "Undoubtedly, unemployment in Britain was largely due to the slowing down of the Canadian from the United States," he said, "and the solution of Britain's difficulties was to send to countries like Canada, Britain's very best, the men to build up that great country."

THURSDAY, JULY 9, 1923

NOTES AND COMMENT.

Moving operations, in progress during the week, have interfered largely with work in the office. Order is gradually superseding chaos, however, and a few more days will see things in shape again.

The new premises in the east side of the Savoy Hotel building are superior in every way to the quarters vacated.

The rain on Monday afternoon and evening, together with cooler weather, was very favorable to the satisfactory progress of the crops.

Calgary Athletics Easy for Champion

The visit of the Calgary Athletics on July 4th drew a large crowd, the afternoon game in particular being especially well attended. The result of the two baseball games was so overwhelmingly in favor of Champion as to partly spoil the games for the spectators, the winners scores both afternoon and evening scoring of cricket.

E. B. Siler was the hero of the occasion. After turning in a win in the afternoon game he was forced to relieve Klien, who was disabled by a pitched ball and forced to retire in the second innings of the second game, thus achieving the iron man stunt.

The locals were stridently led by Godfrey and Busby of Vulcan and Bourman of Stately. The presence of Bob Starr of first base was also welcome to Champion fans.

The afternoon score was 17-6, and in the evening 17-5.

Local and General

The wheat pool year close on July 15th.

The Stately baseball club were among the donors of wreaths for Mrs. Palmer's funeral.

Miss Snyder, of Carmangay, has succeeded Miss Moran in the dry goods department at McCullough Bros.

Tom Bell is still fighting bravely for life at the Holy Cross hospital, Calgary. Many friends from here have called upon him during the week.

Jacob Hummel, of Libby, Montana arrived in town on Wednesday evening, en route to Ontario by car to visit his mother and other relatives.

Having secured the services of Messrs. Forest and Atkins they are in a position to give you first class services in painting, paperhanging etc., all work guaranteed.—J. M. Moffatt.

This sale postponed to Saturday, July 11th, and will be held at Mr. Sharp's residence in sub-division, adjoining D. Watkins' home.

Auction Sale!

Having received instructions from Mr. Sharp I will sell by public auction at the Auction Mart, Champion, on **MONDAY, JULY 6th**, commencing at 2:00 o'clock, the following: McCormick 20 double disc Drill, 2 cut-throat Cockshutt Discs, McCormick Mower, McCormick Rake, 14 in. Case Gang Plow, Cockshutt Sulky Plow with breakers and stable bottom, 1 section Lever Harrows, Pumping Engine, Pump Jack, Iron Pump, Harness, Tools, Furniture, Cream Separator, Chair, April and Forge, Grindstone, Wagon and double box, etc.

TERMS CASH
H. COOPER, ART. HOPKINS,
Clerk, Auctioneers.

A quantity of harness and other articles will also be sold.

Found—Lavallo, Owner call at Chronicle office.

The Long Louis restaurant is being painted inside and outside.

Mrs. Keeley returned to Brant last Saturday after a week's visit here.

Mr. and Mrs. D. McNeven of Yellow Grass, Sask. have been visiting at the home of Mr. E. F. Crawford.

Champion sent the largest number of visitors to Calgary for the Stampede this year on record.

I. Granlin and Mrs. Berger left for Calgary on Thursday morning en route to Banff after taking in the stampede.

Mrs. Goodenham was the guest of Mrs. A. W. Jopling on Saturday, returning to town to see the ball games between Calgary and Champion.

The arrival of a new baby at Joe Castor's home has been the cause of general congratulations and very naturally Joe is a very proud man.

Harry Scott, sporting editor of the Calgary Alberta, was here on Saturday for the big ball games, Calgary Athletics vs. Champion. He admitted to get an eye full.

B. M. Roberts has secured a clerk in the person of Howard G. Hamnell, of Carstairs Alta. Mr. Hamnell arrived in town on Tuesday. Mrs. Hamnell will come to town later.

The Champion W. L. meet on July 14th at the home of Mrs. P. M. Patterson. All persons from village wishing to go please report to Mrs. R. Hummel by Monday evening.

Rev. Mr. Mosner left last week for Stony Plain, where he will attend the convention of the Lutheran pastor of the Alberta and British Columbia district. He expects to arrive home about July 10th.

Messrs. Steele and Buchanan, of the Lethbridge Herald, were detained in town on Thursday, en route to Mile, by a broken wheel on their car. As a result they made a fraternal call at the Chronicle office.

Mr. and Mrs. G. A. Orr and Miss Edna left on Monday morning for a two months tour of coast points, going via Montana and returning by the Banff-Windermere route. They go fully equipped to camp en route. Mrs. Hill is in charge of the post office during their absence.

Born—On Saturday, July 4th, to Mr. and Mrs. Earl Deal, a son.

J. W. Cosm left Monday morning for Calgary where he has assumed the position of checker with the Wood Valance. Jack will be missed by many old-time friends here. Mrs. Cosm will remain here for a time.

Mr. and Mrs. J. Lee, of the Sayer Cafe, leave shortly for the coast via the Banff-Windermere highway. During their absence John Martin, who has just returned from Banff will take charge of the Cafe.

Mr. and Mrs. W. C. Hoskins and Master Mac left for Ontario on Monday morning on a month's visit to Mr. Hoskins parents. R. C. Currie will be in charge of the hardware store during Mr. Hoskins' absence.

billiards

A feeling of cordial fellowship always pervades every well conducted billiard room. Indeed, every billiard table in a properly managed recreation center fairly radiates sociability and good fellowship.

Give billiards a trial on our tables. Meet more men. Broaden your field of opportunity. You will be impressed with the excellence of the equipment we have provided for the enjoyment of this fascinating game. You also will find right at home when you sense the atmosphere of wholesomeness and refinement that always is so evident in this recreation center.

U. G. ANDERSON
Proprietor.

Man, Your Lucky!

We'll all admit that it's hot outside, BUT do you realize that your wife is working in that same heat with a nice little fire in the range and a house that lacks those breezes we get out doors. A small expense will remedy this condition.

Round Oak Oil Stoves

Will cook those meals without odor and leave your home cool and refreshing. Ovens that will bake make this equipment complete.

Coleman Gasoline Camp Stoves

Are wonderful for a quick meal and can be used inside or outside.

Refrigerators

Will keep your butter firm, your meats sweet and delicious. Their cost is saved in eatables which would otherwise be spoiled.

Ice Cream Freezers

Are always in demand in hot weather. Ice cream is always delicious and healthy, especially during the hot weather.

The Increasing Tourist Traffic Directly Benefits The Farmer As Well As The Merchant

The natural resources intelligence series of the department of the interior at Ottawa says:

As touring in automobiles and rail road trails go, spending by tourists through the farms, directly and indirectly, doubt many times our rural residents will wonder what benefit this traffic can be to them.

Governments and municipalities are encouraging visitors even to the extent of appropriating very considerable sums of money for the purpose, and our immense expenditure upon good roads throughout the country are held out as an inducement to motorists to visit us.

That they bring trade to the city cannot be doubted, but they also bring trade to farmers and others. For instance, there is the provision that they consume. It is probably possible to compile a statement of the value this consumption would be, using the experience of large eaters as a basis. The quantity of farm products must be enormous, however.

Last year, there were 261,000 motor cars entered at Canadian customs for the purpose of crossing the border for the country for from two to three months, 2,244 for from one to six months and 1,534,885 for one day only.

These motor cars, in an average of but two persons each, and that the 261,000 cars that remained in Canada for two to thirty months, as an example, averaged seven days, they would require 1,518,480 meals. Think of the quantities of cereals, hams and bacon, eggs, milk and cream, meat and poultry, fruits and vegetables, etc., that would be required for these meals. These would all have to be purchased from the farmers, and would make a very large total revenue.

There is the further fact that the very considerable portion of the expenditures of tourists among urban business people finds its way back to the farmer. In that this revenue is used to purchase the necessities for themselves and their families.

It will be seen from the above that our farming interests have a very direct connection with the rapidly growing tourist traffic, and should do their best to cater to it, with assistance when needed, to make our visitors feel that they are welcome.

Geography and Merchandise

Many people do not know where articles come from.

A trip through the average dry goods store might furnish us geographical knowledge as well as a means of securing merchandise. Let us try to find out the names of articles for sale. For example, call on the name of Canada, a town in India. In the days before the motor car was a great manufacturing center, most of the best coffee came from Calcutta, and even the best tea came from the hills of the same name. India is also responsible for muslin, which came originally from the place called Moulin. We learn to know their names to France. These are cotton and cambric, the first of which came from the Normandy town of Caen, while the second is still manufactured at Caen. Serge takes its name from China, where it was introduced into this country in 1560. The Latin name for China is Siam, which gradually has changed into the modern word serge.

Farmer Should Be Scientist

One Educated In Farming Methods It is Not Science.

That slick farming methods do not pay is generally accepted; but that slick farming methods are the cause of national disasters and an injury to the landless population must be the creed of the future. Already there are abundant signs that the farmer must be a scientific highly educated in his business and understanding to the point that the natural resources intelligence calls into play. As such he will take his place as a professional man, the most highly respected professional class of all—sciences (N.S.W.) Bulletin.

Canada's Emblem

The beaver first appeared as an emblem of Canada on the coat-of-arms granted by King Charles I. to Sir William Alexander. The beaver is the arms of the beaver appears resting on his hind legs, and his broad tail. The beaver, among animals, stands for intelligence, daring, industry and perseverance.

It is just as easy to praise a selfish man as it is to find fault with him, but people seem to derive less satisfaction from it.

W. N. U. 1261

Good Year For Sheep

Hon. W. H. J. Tisdale Completes Inspection of Western Ranges

Mr. W. H. J. Tisdale, assistant general manager of the Canadian Co-operative Wool Growers Limited, made a trip in Winnipeg recently on his way west after spending six weeks in the range and domestic wool sections of Alberta and Saskatchewan.

Mr. Tisdale stated he had visited every large band of range sheep in the west and seen a great deal of the domestic areas also.

The ranchers generally are turning to the co-operative method of selling and their own company, the Canadian Co-operative Wool Growers Limited, will get around a million pounds of range wool this season and around half a million pounds of domestic.

"The range wool," continued Mr. Tisdale, "is generally strong in staple this year and the few places where it is not the case, were located in districts where the snowfall was heavy, because crusted and the Scotch wools are of domestic. The range wool is available to feed well during the period of heavy snow. The quality of the wool is the best, in years, with these exceptions, and fleckmarks are beginning to realize the real value of government graders of their wool and are now sending fleckmarks and large cars have a very direct bearing on whether or not their wool reaches the higher grades and the higher prices. The increasing number of Rambouillet bucks is having its effect and some of the finest wool the Canadian has ever seen is being produced from a 2,000-head flock of this breed."

Ploughman Has Narrow Escape

Geologists Puzzled Over Cave-In on English Farm

Two horses, one killed and a ploughman had a narrow escape in a field at Inlake Farm, Mansfield, Nottingham.

The field, which has been the scene of previous uncomfortable subsidence, was being ploughed when the ground gave way just behind the feet of the horses, and a hole was formed 12 feet long, over a yard wide, and six feet deep.

Before the ploughman could stop the horses they had plunged into the hole, dragging the plough after them. The horses were suffocated, and the ploughman had a narrow escape. It is not known certainly what caused these caverns to form, but they are put down to the effect of colliding strata.

Geologists who have examined the scene, however, believe that there is an underground stream that wears away the limestone rocks, letting down the surface earth.

Flowers in the Far North

Beautiful Flowers Are Grown At Fort Resolution

At Fort Resolution, Northwest Territories, is one of the far north sub-stations of the Dominion experimental farms system. In its most recent report, the Dominion states that travellers are agreeably surprised to find such beautiful flowers in the far north.

The flowers given with the mouths of blushing boys: Sweet William, Baby's Breath, Geraniums, Lovage, and others. The flowers given with the mouths of blushing boys: Sweet William, Baby's Breath, Geraniums, Lovage, and others. The flowers given with the mouths of blushing boys: Sweet William, Baby's Breath, Geraniums, Lovage, and others.

Exports Of Butter And Cheese

Heavy Increase Exports Is Shown By Government Statistics

From statistics given in the most recent number, letter of the Dominion dairy and cold storage branch, it is gathered that in the twelve months ending with April this year, 25,062,757 lb. of butter, valued at \$8,949,245, were exported from Canada, as compared with 15,611,962 lb. valued at \$5,696,852 in the previous year, an increase of 11,450,795 lb. in butter and of \$3,252,393 in money. Of cheese there were exported in the twelve months ending with April this year, 127,406,400 lb. valued at \$24,577,449 compared with 116,677,700 lb. valued at \$22,838,924 in the preceding year, an increase of 10,728,700 lb. in cheese and \$1,738,525 in money.

Valuable Bit Of Paper

A lot of state which is a decree under discussion by the Soviet officials at Moscow, the common law marriages heretofore will be recognized as legal and binding by Soviet courts.

Mrs. Gask: "No your husband or child to call." He says that I feed all the cats in the neighborhood. Won't you say and have tea?"

Used Cod Liver Oil In Feed For Chick

Experiment Showed It Prevents Or Cures Leg Weakness

An experiment was conducted at the Central Experimental Farm, Ottawa, in 1921 to determine the effect of various vitamin rich feeds in the ration of chicks. Fourteen pens of 40 chicks each were used. These were housed in a pipe brooder house on a cement floor with rubber shavings for litter. Pen 1 was the control pen and was fed a basal ration which consisted of standard cracked corn and mash composed of shorts, middlings, cornmeal and oat flour equal parts, one-half part meat meal, grits, oars and both milk and water were supplied.

The other 13 pens were all fed this ration plus one or more feeds, which are recognized as being rich in vitamins. The additional feeds used were: Wheat germ, cod liver oil, Laro yeast (a dead yeast prepared for feeding purposes), Fleischmann's yeast (a living yeast) tomato pulp, cod liver oil, and raw liver.

An outstanding feature of the experiment was the effect of the cod liver oil. In this case, the chicks were in which cod liver oil was not used, there were no signs of leg weakness, whereas, in every pen, without exception, where cod liver oil was not used, there were chicks either off their legs or showing preliminary signs of the disease—Experiments Farm Note.

More Settlers For West

Farmers of Illinois and Wisconsin Greatly Interested in Canada

C. J. Broughton, Canadian Government immigration agent at Chicago for the states of Illinois and Wisconsin, arrived in Winnipeg, bringing with him more settlers for Western Canada as well as five prospective settlers representing twenty families.

"At the present moment," said Mr. Broughton, "the greatest interest is being shown in Western Canada by people of the United States, and there is no doubt that many will migrate here in the near future. We are particularly interested in persons who are leaving farms down south to make the change to Western Canada, for many can be bought out here for as cheaply as they can be in the south for a period of only two years. The five prospective settlers who are accompanying me on this journey are practical to settle here."

Saskatchewan Leads

In Horse Production

Mr. J. G. Robertson, livestock commissionaire for Saskatchewan, has made the following brief review of the livestock situation in this province at present time.

"This province has become so famous for its grain production that sometimes people fail to realize the extent of its livestock industry. It is estimated that the province of Saskatchewan has a population of 170,745, which is over 300,000 more than any of the others. In cattle production, the province of Saskatchewan stands fourth among the provinces. Last year our livestock was valued at \$16,857,527."

Heavy Tourist Season

The tourist season in the Rocky Mountains of the Canadian Rockies is the heartiest on record, and it is likely this business will extend right across Canada. It is estimated that over 10,000 people will be carried across Canada on special trains this summer by the Canadian Pacific Railway.

In addition to the regular tourist, usually heavy programme of individual tourist travel and special car parties.

An Influential Agent

Of all Great Britain's agents in the Orient there is none more celebrated or more influential among the natives than the one known as Gertrude Bell, widely English woman, whose official rank is set down as that of Oriental agent, and who is the British high commissioner at Baghdad.

Ten short horns from the Prince of Wales's Own Cavalry Regiment, and three from the 3rd, two seconds and two thirds at the recent Royal Cornwall show.

The Truth Will Out

Becky (checked for showing undue curiosity as to visitor's age)—Well, anyhow, everybody'll soon see it on our tombstone.

Surprise Delay

She—Did you give the waiter your order?

He (glumly)—Yes, but I think he means to keep it as a souvenir.

Confidence Of Farmers In Western Canada Much Higher Than For Many Years

Work of the Illustration Stations

Number of Stations Last Year Totalled 145

John Fliter's report for 1921 of the operations of the illustration stations to the Dominion experimental farms, the illustration stations in the three prairie provinces and British Columbia, might profitably be in the hands of every farmer in the western half of the country. Mr. Fliter is the chief supervisor of the system and not only tells, through the different district supervisors, of the work that is being done, but of how it is being performed. These stations, which three years ago numbered 89, last year totalled 145. They, by actual demonstration, show the work of the experimental system immediately and directly to farmers both individually and collectively, the location of the stations being chosen with a view to attract the greatest attention. As nearly as possible the home country is being gradually introduced, there being at present eight of these stations in Prince Edward Island, thirteen in Nova Scotia, seven in New Brunswick, thirty-eight in Quebec, eight in Ontario, eight in Manitoba, twenty-three in Saskatchewan and twenty in Alberta and fourteen in British Columbia.

One of the principal functions being carried on is an encouragement of the use of good seed. In pursuit of this work last year there were sold 20,543 bushels of seed grain, 2,628 bushels of seed potatoes and 9,229 bushels of grass and clover seed. Another branch of the work to which special attention is being paid is the improvement of stock by weeding out the poorest and the use of the best types.

An illustration in the report shows a tractor, a specially constructed stand, loader and unloader, instructions for the making of which are supplied.

One other among the many useful lines of work followed is improvement in the housing, feeding and breeding of stock. For this purpose, in 1921, 256 cockles, 195 pullets and 699 settings of hatching eggs of good laying strains of barred flocks have been exported for some years.

Canadians Returning From States

Many Coming Back To Take Up Residence Here Again

The exodus of Canadians to the United States is rapidly ceasing and the return of the "homeward bound" is now a way which will soon counterbalance the tide of emigration, according to statistics issued at Ottawa.

Canadians taking up residence in the United States in the calendar year 1921, totalled 129,493, as against 131,921 in the previous twelve months, and figures for the first quarter of the present year indicate that this year's total will be less than half that of 1921.

Pruning Tomatoes

Experiments Carried On At Dominion Station At Rothbar, Sask.

It is reported that the Dominion experimental station at Rothbar, Sask., gives the results of an experiment in different methods of pruning tomatoes. In which three standard varieties were used. On June 9, three rows of each of the three varieties were set out in rows two feet apart and planted two feet apart in the row. As the fruit set, the plants in one of each of the three varieties were cut above the first bunch of fruit, and this method of pruning was compared with cutting above the second bunch and above the third bunch. The total yield of ripe and green fruits from one bush was 57 lb. from two bunches 92 lb. and from three bunches 154 lb. The amount of ripe fruit from one bush was 11 per cent, 21 per cent, and 27 per cent, respectively, from three bunches. Cutting back to one bunch saved the superintendent, however, the cost of the extra labour necessary sufficiently to warrant the practice.

Claims Music Helps Flowers

Is Needed In Their Daily Diet Says Horticulturist

Flowers will retain their original color for many days, if subjected to the rhythmic strains of music, according to F. C. Billings, musician and horticulturist, of Milwaukee.

"Flowers are very fond of music and I know it will work," he says. "Flowers must have music in their daily diet for certain atmospheric waves set up by the rhythmic musical tones have a beneficial effect similar to light waves."

Professor C. A. Smith, of the plant physiology department of the University of Chicago said that "as yet there is not scientific basis for claiming positively sound waves do affect plants in the way they do animals, but it is a line of experiment which will be taken up immediately if the proposed plant research institute is established in the university."

Not a Heebey, An Occupation

Postage stamp collectors will have to accumulate 82,000 different varieties of stamps to make their list complete before they can be considered as collectors. Within the last two years about 4,000 new stamps have been issued by the various governments.

A consensus of opinion among colonists in the west of Canada seems to be to the effect that there will be a marked movement in western Canadian farm lands throughout the year 1922, a view which is borne out by many indications of various nature generally apparent. This would appear to be the result of a combination of circumstances, of which conditions in western Canada constitute only one. Certainly, according to the best agricultural authorities, the morale of the farmers of western Canada is much higher than it has been for some years, and confidence in farming in that area is once more pronouncedly in evidence. In the words of one outstanding authority, "The very fact that settlers came through so much under the very trying conditions of the deflation period has inspired a spirit of confidence that augurs well for the future."

The Manitoba Free Press felt this tendency even in the months of the past winter and considered it worthy of special inquiry, which it carried out in the peculiarly efficient manner possible by reason of its correspondence in the rural districts. It found that in the prairie provinces, farms were being sold at a high price, the result of which will be increased acreage under cultivation and greater production. It found that this suggestion of movement in the farm lands is not confined to any one district or province, that the bulk of land sold has been in the west, that a good proportion of the sales are by farmers who are reducing their holdings, and that a large number are being sold by farmers who are picking up an adjoining quarter or so for sons growing up in the family. It states definitely that the sale of farms is being made by farmers who are leaving the country.

The Winnipeg paper makes as distinctly worthy of note that even at the early part of which the survey was conducted, many sales of land were being made by farmers from across the international boundary. Interest since that time on the part of American buyers in western Canadian farm lands has become yet more pronounced and inquiries have been coming in, made at a rate which has been experienced for some years. Combined with the markedly improved condition of the farmers in western Canada, and the economic circumstances of those in the United States which is permitting the American farmer to open the necessary steps many of them have contemplated for some time.

Getting Yields

We saw a man walking down street one day carrying a baggy which was full of ripe tomatoes. He was not a farmer, but a city dweller. He was carrying the tomatoes to the market. He was carrying the tomatoes to the market. He was carrying the tomatoes to the market.

Usual Ceremony In Belgium

An annual ceremony occurred when eighteen caskets, all residing in the small town of Ixelles, Belgium, celebrated their anniversary. King Albert sent messages of congratulations.

Getting Yields

We saw a man walking down street one day carrying a baggy which was full of ripe tomatoes. He was not a farmer, but a city dweller. He was carrying the tomatoes to the market. He was carrying the tomatoes to the market. He was carrying the tomatoes to the market.

Tight

Kennan—Who is your closest relative?

Joe—Water—Oh, I think Uncle Hill is as close as I can get.

WORLD HAPPENINGS
BRIEFLY TOLD

The Earl of Clarendon has been appointed chairman of the Overseas Settlement committee.

The annuity of \$7,500, guaranteed by the Federal Government to Dr. E. G. Harding, of Toronto, passed the House of Commons.

The Daily Chronicle and Weekly Gazette, the oldest newspaper in Canada, founded in 1764, has ceased publication.

Twenty-eight persons were killed and 130 houses destroyed by a hurricane which swept over the province of Attala, Russia.

Major A. R. Thompson, son of Col. Andrew Thompson, Ottawa, has been appointed Gentleman Usher of the Black Rod. In succession to the late Col. E. J. Chambers.

The cost of constructing Tokyo's new subway system will be somewhere in the neighborhood of \$7,000,000 yen, according to the plans drawn up by the municipal authorities. There will be about 40 miles of the subway.

The Daily Express, London, suggests the name of Cockspur Street be changed to Canada Street in view of the opening of the new Canadian Building and also of a number of other Canadian offices.

The tomb of Virgil, at Naples, has been purchased by the Italian Government, and a large sum will be expended in restoring the ancient Latin poet's resting place as part of this year's celebration in his honor.

The preventive vaccine against tuberculosis, known as "B.C.G.," is producing most effective results, according to a report read before the Academy of Medicine in Paris, France, by Prof. Calmette, assistant director of the Pasteur Institute.

A mysterious epidemic has stricken the fish in Lake Geneva which is causing them to die in such numbers that employees of the hydro-electric plants at Grosse Pointe, France, are obliged to work double shifts in order to shovel them out of the spillways.

French Deputy Drives Taxi

Works At Trade When Not Busy In Sessions

M. Adrien, representing the Seine Communists in the French Chamber of Deputies, has the unique distinction of being the only taxi driver among the legislators of the country. He pilots his taxi whenever he can be spared from the chamber's sessions, and has the custom of leaving his taxi, which he owns himself, with a chauffeur with a black flag over the motor—the chauffeur's method of indicating that he is not working for hire. When the session is over, the taxi driver goes back to work, and it is often that he has as his first passenger some fellow deputy who has been a few minutes before he had been legislating for the country.

Investing Money In Palestine

Jews Spending Millions In Purchasing and Improving Land

The Jewish nation has been investing about \$6,000,000 in the purchase and improvement of land in Palestine from October, 1929, to April, 1932, approximately the time of Sir Herbert Samuel's administration, an high commissioner, according to a report issued by the world headquarters of the fund in Jerusalem.

Of this money \$5,191,440 was spent in the purchase of agricultural and urban land and \$775,000 in land improvements, including the drying up of swamps, road building, water supply installation and building loans to new settlers.

Find Great Bishop's Burial Place

The burial place of Bishop Peter Ambrosius, Bishop of Zurich, died in 1290 to 1298, a mystery which has puzzled historians for centuries, has been solved.

"It was generally believed that he was buried in Savoy, the place of his birth, 650 years ago, but Canon A. T. Bannister, of Herford, has found the Herford Cathedral where the remains were revealed.

The stone coffin had been filled in with mortar in which there lay the jaw, the shape of the body. In this cavity are the decayed remains of the bishop's skull and canons.

Dr. Shearer's Estate

According to the will of the late Dr. John G. Shearer, formerly secretary of the Social Service Council of Canada, his entire estate, valued at \$11,132, passes to his widow, Elizabeth S. Shearer. Upon the execution of her death at the residue to be to the Social Service Council of Canada to be used as they may deem with the funds of the estate, amounting to \$4,000. It is in real estate in the city of Toronto.

A New British Colony

Island of Cyprus Is Now Part of Empire

A new milestone in Mediterranean history was set up on May 19 when by Royal Letters Patent, read by the high commissioner of Cyprus at Limassol, that island became a British colony. Our King Richard, Great Lion, took it from Isaac Comnenus and bestowed it on Guy de Lusignan. In 1290 the Turks took it from the Venetians and held it in the stagnation that marks Turkish rule until 1878, when under the Treaty of Berlin, Great Britain undertook to administer, paying an annual tribute to Turkey. Since then the Cypriotes have progressed morally and materially, and it has been for us a world Mediterranean station, though possibly of less value than Lord Beaconsfield expected. In November, 1914, it was annexed by proclamation. The high commissioner now becomes governor and various reforms will be introduced, such as an increase in the representation of Muslims in the legislative council and the opening to natives of some offices hitherto filled from home—London Spectator.

Canada At Geneva

Has Become Leader In Humanitarian and Idealistic Matters

The increasing activity that Canada has displayed in League of Nations affairs in the past six months is rapidly putting the Dominion in the position of leader of the "Small Nations Group."

As a result of the absence of the United States from the league, Canada has become more or less a leader in humanitarian and idealistic matters. Her situation geographically makes her a natural arbiter when the Academy of Medicine in Paris, France, by Prof. Calmette, assistant director of the Pasteur Institute.

A mysterious epidemic has stricken the fish in Lake Geneva which is causing them to die in such numbers that employees of the hydro-electric plants at Grosse Pointe, France, are obliged to work double shifts in order to shovel them out of the spillways.

Woman Makes New Motor-Cycle Record

Averaged Sixty-eight Miles An Hour in Race Near Paris

Mrs. Stewart, wife of Lieutenant Colonel R. N. Stewart, established a record for the 250-mile motor-cycle at the Linas-Mulhery motor-racing track, near Paris, accomplishing the distance in 23 min. 22 sec. The previous record was 23 min. 46 sec.

Mrs. Stewart's average speed was over sixty-eight miles an hour. Mrs. G. M. Stewart is the holder of the double twelve hours record at Brooklands, London, and was once described as a "real little woman with a big heart." She served as an ambulance driver with the Red Cross during the war.

Doles Retard Immigration

Many English Boys Not Anxious to Seek Employment

That the work of securing suitable young men and boys to come to Canada as apprentices was seriously retarded on account of the unemployment dole paid in Great Britain, was the statement made by Col. Hemmings, British military attaché at the Salvation Army, who is in Canada from London, England. "An hour as boys leave school," he said, "if they cannot find work, they are paid the dole, and this year there are 26,000 young men in Britain who are satisfied to get doles instead of employment."

He Wasn't Satisfied

Young Jack had just returned from a painful interview with the minister, to whom he had said, in reply to a question, that there were 100 candidates for the position of ministerial clerk on his way to the minister's house.

"As I'd like to know how many candidates there are what will you say?"

"Satisfied" quoted the other lad. "Why, of course."

"Then" returned the first youth in scorn. "Then 'Ye will try him' will you? I tried him 'ye' and he wasn't satisfied."

Laziest Job In World

"Breakfasting" is the laziest job in a "profession" in Paris in which more than a score of men are employed. All they have to do is sit and smoke their pipes all day, so it's about the world's laziest job. "Breakfasting" is a five pipes a day's work.

One-Lamp Car Is Menace

One of the most dangerous things you meet on the road at night is the one-lamp car. When such a machine approaches it is a good idea to give it lots of room. You can't tell which of its motorist's lights is gone.

Queen Mary's Birthday Gifts

Prince Sent Wonderful Ostrich Feathers From South Africa

Queen Mary received a shower of birthday presents and greetings on her birthday. The gifts included a wonderful ostrich feather fan from South Africa, which was presented to her by the Prince of Wales. The fan was made of ostrich feathers and was a beautiful work of art. It was presented to her by the Prince of Wales, who was in South Africa at the time.

David sent his presents a few days too soon, but they were none the less welcome for the reason that they were some magnificent ostrich feathers wonderfully colored and shaded, all the way from South Africa. King George gave his consort a wonderful emerald ring set, in platinum—a setting that appeals to the Queen. The Prince of Wales presented her mother some old lace—and the gifts of Prince George, the baby (and it is whispered, the favorite of the Queen), included some of the latest gramophone records.

Finger Prints Rescue Him

Man Almost Jailed By Remarkable Likeness to Criminal

Arrivals of finger prints by aeroplane mail across country resulted in Douglas MacKenzie, who went to New York from Winnipeg to be a news writer, being freed, instead of starting a five-year prison term because of his remarkable resemblance to a criminal.

The mistake came from Oakland, California, where the ex-convict had in one time been under arrest. In a newspaper interview, Judge MacKenzie remarked upon the amazing resemblance between the two men, even to the smallest detail, with the exception of the finger prints.

The judge said: "In the old days, on the strength of these almost conclusive proofs that you were I, I should have sent you to the long and tedious telephone, the radio, and the aeroplane have all assisted the court in checking up your record and in determining that you are not that MacKenzie. The finger prints show that."

Sleeping Sickness Epidemic

Not Known To Western World Until After Flu Epidemic

Sleeping sickness can be traced back through history to a date before Herodotus, according to physicians. It did not become a world problem in the United States, however, until after the flu epidemic. In New York City since then there have been from two to five deaths a week reported from it.

The first outbreak of the disease, Surgeon General Blue, of the United States health service, applied to officers to study it. Dr. H. F. Smith, of this commission, found evidence relating to the disease in the thickness and influenza, but gathered little data which could be used for diagnosis. German scientists have been studying the disease since 1900, and the discovery of a new drug which cures the African sleeping sickness, but little is known with assurance about the treatment of the disease in the United States. The fatality rate is nearly 50 per cent of these infected.

English Girdling World

In Every Country Some People Undergo the Languishing

The New York Times quoted a German professor in a Berlin language school, overseas on a visit, as making the rather remarkable admission—for a German—that there is no need to invent for general or universal use a new language, since English already has taken that position. The professor's question he is right when he says that already the people who speak only English are getting fairly well in any part of the world, as everywhere he will find those who can understand him and who can make themselves understood by him. Once it was French that had, or more or less closely approached, that position. But English almost everywhere has superseded it as the second language of everybody who has a second language.

Editors to Visit Alberta

It was recently announced that the Agricultural Editors Association of the United States, including representatives of one hundred of the largest farm journals in the United States, will visit Alberta in September, spending a day at Edmonton and other points of interest in the province.

Prohibits Sunday Bathing
Announcing that they were "trying to set an example," Peterboro (Ont.), city council has prohibited Sunday bathing and Sunday bath concerts.

Local and General

Mr. and Mrs. Hess, of Nanton, visited their daughter, Miss B. Hess, over the week end.

A. McCullough has purchased the residence he has occupied for some time from the owner.

Sam Jopling, of Milo, was here for the ball games on July 4th.

Mrs. J. S. Collins and children are on a three week's visit to Toronto, Detroit and Flint Michigan.

Mrs. Orville Harper is the guest of her parents at Carmangay, where she is recovering from her recent illness.

Sison's restaurant has been repainted and the effect is quite verdant.

Her, and Mrs. J. W. Oliver, of Bellevue, are on a three weeks tour of coast points by motor.

Among the 4th July visitors were Mr. and Mrs. Jas. McNaughton and Mr. and Mrs. C. W. Folk, of Carmangay.

Extensive improvements to the Lee Smith coal mine are contemplated by the owners, Messrs. Smith and Popovich.

Miss Gladys Woodhull left for Winifred on Friday, now where she will teach during the next three months.

Gunder Nerison's injured arm had so far improved that he was able to resume his work in the store for the week end.

Mr. and Mrs. Geo. Harper arrived in town from Olds recently. Mr. Harper intends remaining on the farm for a time, at least.

Lost—Between Champion and Yale school, stamped dress, ready to be embroidered. Finder please leave at Mrs. Therriault's.

F. B. Siles has purchased the Walter Taylor farm at present being operated by Jas. Lobban and will take possession this fall.

Mr. and Mrs. St. Peter of Milo, were visitors here last week, taking Master Howard, who had been attending school here, home with them.

The Durkee residence, was sold recently by Mrs. Linton, of Cooper handling the transaction for the owner, Mrs. Linton is Mrs. P. M. Patterson's mother.

Mrs. C. H. Sutton was badly bruised and shaken up in the tipping over of a load of hay on which she was riding. She is recovering from the effects of the accident rapidly.

Champion's contribution to Calgary fair visitors was heavy on Monday morning and has been increased regularly since. It has been a little quiet for those who stayed at home, in consequence.

B. Hummel was in the pugent procession in Calgary on Monday playing with the 26th Battalion band. He states the band marched five miles in the parade, which was a gorgeous spectacle in every way.

Among the visitors on July 4 were Mr. and Mrs. R. I. Stare and Mr. Fred Stare, now of Browning, Montana. They were welcomed by numerous friends and "Red" played in his old position of first base with the baseball team.

Announcing Child's Saving Plan!

This Plan offers unlimited possibilities for every child under the age of sixteen years in this district.

We are incorporating this special service only after earnest study and careful deliberation.

PLAN EXPLAINED

We will allow 5 per cent. off all Men's Furnishings, Hardware, Drug Sundries, etc., and 2 1-2 per cent. off all Groceries. In each case there are a few exceptions, such as Flour, Sugar, Wire Fencing and Nails.

Saving Script for the discount will be issued to each customer at the time of purchase. When Script has been saved to the value of one dollar or more, an equal sum of money will be deposited with the Trusts & Guarantee Co. to the credit of the child nominated. Every parent interested in the welfare of their child will not fail to take advantage of this generous and far-reaching offer.

Allow us to open and maintain a savings account for your child. Call at our store an fill out an application blank today.

B. M. Roberts, W. C. Hoskins, Champion Drug Co.

General Merchant.
